1	2254	Hi Marigo, welcome to our petshop.

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
1201	69420	Frog	Darwin's Frog	Steve	10	2	Male	Darwin's frog was named after Charles Darwin, who discovered it on his world voyage. This frog lives in the cool forest streams of South America, mostly in Argentina and Chile. Darwin's frog is small a	Yes	20
1202	69420	Frog	Goliath Frog	Ponyo	2	6	Female	The goliath frog otherwise known as goliath bullfrog or giant slippery frog is the largest living frog on Earth. Specimens can grow up to 32 centimetres in length from snout to vent, and weigh up to 3.25 kilograms. This species has a relatively small habitat range in Cameroon and Equatorial Guinea.	Yes	112
1301	69420	Salamander	Spotted Salamander	Franky	5	1	Male	The spotted salamander or yellow-spotted salamander is a mole salamander common in eastern United States and	No	17

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								Canada. The spotted salamander is the state amphibian of Ohio and South Carolina. This salamander ranges from Nova Scotia, to Lake Superior, to southern Georgia and Texas		
1401	69420	Axolotl	Mexican Axolotl	Mudkip	14	7	Female	Mexican axolotl salamanders are amphibians that spend their whole lives underwater. They exist in the wild in only one place—the lake complex of Xochimilco, a network of artificial channels, small lakes, and temporary wetlands that help supply water to nearby Mexico City’s 18 million residents.	Yes	35
2201	69424	Dog	Akita Chow	Dash	3	2	Male	The Akita Chow is a mixed breed dog—a cross between the Akita and Chow Chow dog breeds. Large, independent, and loyal,	Yes	856

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								these pups inherited some of the best traits from both of their parents.		
2202	69424	Dog	Beagle	Bonnie	0	5	Female	Small, compact, and hardy, Beagles are active companions for kids and adults alike. Canines of this dog breed are merry and fun loving, but being hounds, they can also be stubborn and require patient, creative training techniques.	Yes	269
2203	69424	Dog	Chinook	Maddie	2	3	Female	Created in the White Mountains of New Hampshire, the Chinook dog breed made his name on Admiral Byrd's first Antarctic expedition in 1928. These days he's a multipurpose dog who's happy hiking, competing in agility and other dog sports, pulling a sled or other conveyance, and playing with the kids.	No	315

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
2204	69424	Dog	Border Terrier	Thor	1	0	Male	This alert, good-natured dog was originally bred to assist in foxhunts, driving foxes out of their hiding places and out into the open for the hounds to chase. He still has a powerful drive to hunt and dig, as well as the energy level that enabled him to keep up with hunters on horseback. These traits can make him an aggravating pet for some owners; for others, Border Terriers are wonderful companions who play hard and love harder.	No	670
2401	69424	Cat	Birman	Puss	0	2	Female	With her marvelous, social personality, the Birman doesn't like being the only animal in the house. She is active and playful but quiet if you are busy. This healthy, long-lived	Yes	34

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								breed has an outstanding semi-long silky coat that does not mat and a luxurious, long bottle-brush tail. Brilliant blue, almost round eyes are prominent features of her sweet expression.		
2402	69424	Cat	Chartreux	Oliver	6	1	Male	Often called the smiling cat of France, the Chartreux has a sweet, smiling expression. This sturdy, powerful cat has a distinctive blue coat with a resilient wooly undercoat. Historically known as fine mousers with strong hunting instincts, the Chartreux enjoys toys that move. This is a slow-maturing breed that reaches adulthood in three to five years. A loving, gentle companion, the Chartreux forms a close bond with her family.	Yes	27

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
2403	69424	Cat	American Wirehair	Elio	3	2	Male	Distinguished from other breeds by its wiry, dense coat that is described as feeling like steel wool, the American Wirehair is considered a national treasure. This intelligent and highly adaptable breed is playful and keenly interested in her surroundings. Easy to care for, the American Wirehair has a relaxed, loving, sweet personality , making her an ideal companion for families with children 6 and older and having other pets.	Yes	354
2601	69424	Hamster	Teddy Bear	Hamtaro	0	7	Male	They are very easy to handle and make wonderful pets for children. They are not social with other hamsters however, and should be kept alone after 10 weeks of age. If caged together, Syrian hamsters can	Yes	23
								can		

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								actually fight until they kill each other. Syrian hamsters are nocturnal, and are rarely active during the day.		
2602	69424	Hamster	Dwarf Campbell Russi	Totoro	1	3	Female	Dwarf Campbell Russian hamsters are more social and they can be kept in same sex pairs or groups of their breed as long as they are introduced at a young age.They still make good pets; they just require supervision of both child and pet during interactions. Though they are nocturnal, they are often awake for short periods during the day.	No	36
2603	69424	Ferret	Albino	Alfred	0	3	Male	Albino ferrets have a white coat, a pink nose, and pink to red eyes. They mainly look attractive because of their neat white coat, which also makes it easier for the owners to locate	Yes	24

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								their pets even in dark rooms. These ferrets are especially energetic in the morning and love to nap in the afternoons . They should be bathed once a month. Albino ferrets are often kept as a therapy pet for the kids and the elderly.		
3201	69422	Clownfish	Clownfish	Nemo	0	5	Male	Bright orange with three distinctive white bars, clown anemonefish are among the most recognizable of all reef-dwellers. They reach about 4.3 inches in length, and are named for the multicolored sea anemone in which they make their homes.	No	5
3202	69422	Clownfish	Clownfish	Marlin	1	6	Male	Bright orange with three distinctive white bars, clown anemonefish are among the most recognizable of all reef-dwellers. They reach about 4.3 inches in length,	Yes	5

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								and are named for the multicolored sea anemone in which they make their homes.		
3203	69422	Blue Tang	Blue Tang	Dory	1	4	Female	The Blue Tang boasts a vibrant electric blue body dressed with bold black markings. In fact, the black that begins at the eyes, traces the dorsal line down to the tail, and circles back above the pectoral fin to create a unique shape reminiscent of a painter's palette. This marking is why the Blue Tang is also known as the Palette Surgeonfish. It is also called the Pacific Blue Tang, and Hepatus or Regal Tang. Regardless of common name, Paracanthurus hepatus is equal parts beauty and peacefulness that suits almost any large	No	89
								large		

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								community marine aquarium.		
4201	69421	Lizard	Collared	Slesh	15	2	Male	If collared lizards grew to the size of Komodo dragons, they would probably prey upon them. Crotaphytus are voracious predators on other lizard species, although they don't pass up the chance to snack on insects and other small vertebrates. Juvenile collared lizards concentrate more on insects whereas adult collared lizards take small mice. Collared lizards proportionately large heads are equipped with large jaws that can kill prey animals with a few quick bites.	No	471
4202	69421	Lizard	Caiman	Nyla	4	2	Female	This is not a lizard for beginners! This rare and specialized denizen of forested riverbanks is imported in low numbers and is still	Yes	671

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								a rarity in the pet trade. The caiman lizards' large size and potentially painful bite are two more reasons that few tackle its husbandry . Worst of all, most fresh imports prefer a diet of snails – a food item difficult to provide for most keepers.		
4401	69421	Turtle	The red-eared slider	Mike	20	6	Male	The red-eared slider is a medium-sized to large-sized freshwater turtle with origins in the southeastern United States. Their natural range is from Indiana to the north, New Mexico to the west, and the Gulf of Mexico to the south, though sliders have been introduced into the wild well beyond this range.	Yes	104
5201	69423	Robin	European Robin	Kuqo	1	8	Male	Common to fairly common in wooded habitats, gardens, hedges in farmland,	No	495

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								and heathland, usually fairly near cover. Hops perkily on the ground, pausing to look around, when often flicks wings and cocks tail. Also feeds by dropping to the ground from low perches, snatching up prey and flying back up to a shady perch. Plumage distinctive, with bright orangey face and breast (easily hidden when facing away); juvenile in summer very different, with bold pale buffy spotting on back and breast.		
5401	69423	Sparrow	House Sparrow	Jack	6	1	Female	The house sparrow is a bird of the sparrow family Passeridae , found in most parts of the world. It is a small bird that has a typical length of 16 cm and a mass of 24–39.5 g.	No	6

pet_id	sec_id	type	breed	name	age	ageMonth	sex	description	Vaccinated	priceUSD
								Females and young birds are coloured pale brown and grey, and males have brighter black, white, and brown markings		
5601	69423	Owl	Barred	Barry	26	5	Male	The Barred Owl's hooting call, "Who cooks for you? Who cooks for you-all?" is a classic sound of old forests and treed swamps. But this attractive owl, with soulful brown eyes and brown-and-white-striped plumage, can also pass completely unnoticed as it flies noiselessly through the dense canopy or snoozes on a tree limb. Originally a bird of the east, during the twentieth century it spread through the Pacific Northwest and southward into California.	Yes	593
